

Company Profile

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specializes in the development and production of diagnostic ultrasound solutions. By introducing advanced imaging techniques, SonoScape has improved diagnostic accuracy and therefore enabled better health outcomes. Since 2002, SonoScape has reached and benefited millions of people. With the world in mind, SonoScape will continue providing more effective and accessible healthcare solutions, through persistent innovation and passion for life.

Quote from the Analyst of

“The Frost & Sullivan Award for Growth Leadership is presented to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years...The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outperform the competitors in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see significant growth potential in the future...”

Company Milestone

- 2002: Company Founded in Shenzhen, China
- 2003: Released SSI-1000: the 1st 15" Portable Color Doppler system in China
- 2004: Released SSI-2000: the 1st PC platform Color Doppler system in China
- 2005: Received the “High Technology Company” award from the PRC government
- 2007: Received "CHINA TOP BRAND" award in the Medical Equipment Industry
- 2007: Released the 1st Real time 4D ultrasound system in China
- 2008: Received "European Entrepreneurial Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2009: Received "Product Quality Leadership Award 2009" from FROST & SULLIVAN
- 2011: Received the Reddot 2011 Product Design Award for S20 in Essen, Germany
- 2013: Received "Ultrasound Market Growth Leadership Award, 2013" from FROST & SULLIVAN
- 2014: Received the iF Product Design Award 2014 for S9 in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" from FROST & SULLIVAN

Smart Color System

U-S220150316

Discovering Outstanding Value

Smart Color System

The new SonoScape portable color Doppler system S2, with practical design and stable performance, will go beyond your expectation but within your budget. It is designed to cater to the needs of doctors: intelligent patient file management system, convenient user-definable settings, professional diagnostic applications.

Comprehensive Functions

Complete scanning modes, outstanding 2D performance, sensitive blood flow, 3D, 4D imaging technology, endow S2 with the best functions in its class!

Complete Scanning Modes:

- B /2B/4B/M/ Steer M(optional)/Color/DPI/PW/ CW (optional)

Advanced Imaging Technology

- Tissue Harmonic Imaging
- μ -Scan Speckle Reduction (optional)
- Compound Imaging
- Panoramic Imaging (optional)
- Trapezoid Imaging (optional)
- Freehand 3D(optional)
- 4D imaging (optional)

Broad Range of Clinical Application

- General Applications: Abdomen, Obstetrics, Gynecology, Small parts, Muscle-skeletal, rheumatology, Vascular, Urology, Cardiology
- Post-measurement and calculation software packages
- Professional report for different exams

Multiple Transducers

Convex, Linear, Transvaginal, Transrectal, Micro-convex, Intraoperative, Phased array, Volume 4D

Optimum Workflow

Upgraded Workflow, Smart Data Management, A More User-friendly and Productive Color Doppler System

- **Intuitive user interface:** Clear system layout designed for convenient workflow, Menu-driven interface
- **Define your own work-style:** Fully customized work settings for data table/graph, function keys, icons, formulae, measurement, report layout...totally based on your own work style and habit
- **Clip-board function:** Easy image review during scanning
- **Smart patient data management:** Easy access to patient image and data storage, retrieve, review and report.
- **Value-added DICOM functions:** Save, Storage Commitment, MPPS, Print, Worklist; providing more advanced file management solutions;
- **Various data solutions:** Built-in 320G hard drive, DICOM 3.0, LAN port, VGA port, support Flash disk, External hard drive, external DVD drive, video printer, USB laser/jet printer and so on.
- **M-tuning:** Intelligent one key image optimization.

Ergonomic Design

Portable Design, Be Ready at Anytime and Anywhere

- 15-inch high resolution LCD monitor with wide-view angle
- Standard PC keyboard, easy input
- Two probe sockets with probe holders, better protection for probes
- Rechargeable lithium built-in battery supporting 1 hour of continuous scanning
- Abundant peripherals: DICOM3.0, VGA, video out, USB, S-Video, Footswitch etc.
